

FROM OUR BOAT TO YOUR KITCHEN

# Joseph Fisheries Corporation

**Montauk, NY**

Mike moved to Montauk from his family home in Commack years ago and worked on various fishing boats in Montauk for five years before becoming the captain of his own 55-foot vessel, Virginia and Victoria (V&V), over ten years ago.

**C**apt. Mike Decker started fishing as a young boy with his Grandpa Joseph Yesalonis. Some of his fondest memories are of the days when his Grandpa would take him, his brother and cousin fishing on the party boats out on Captree Boat Basin.

In 2002, after acquiring a federally permitted commercial fishing vessel, Joseph Fisheries Corp. was born, named in memory of Mike's Grandfather. His fishing boat, Virginia and Victoria or the V&V, as the family calls her, is a 55 foot dragger, or trawler, named in honor of Mike's Grandmothers.

Joseph Fisheries Corp. is proud to bring the freshest seafood from Montauk to your local Down to Earth farmers market

*"The best fishing occurs in the dead of winter, while everyone is snuggled in front of their fireplaces, we're out on the boat, provided the ice allows safe passage."*

*- Mike Decker*
